

# 2022 PROGRAM

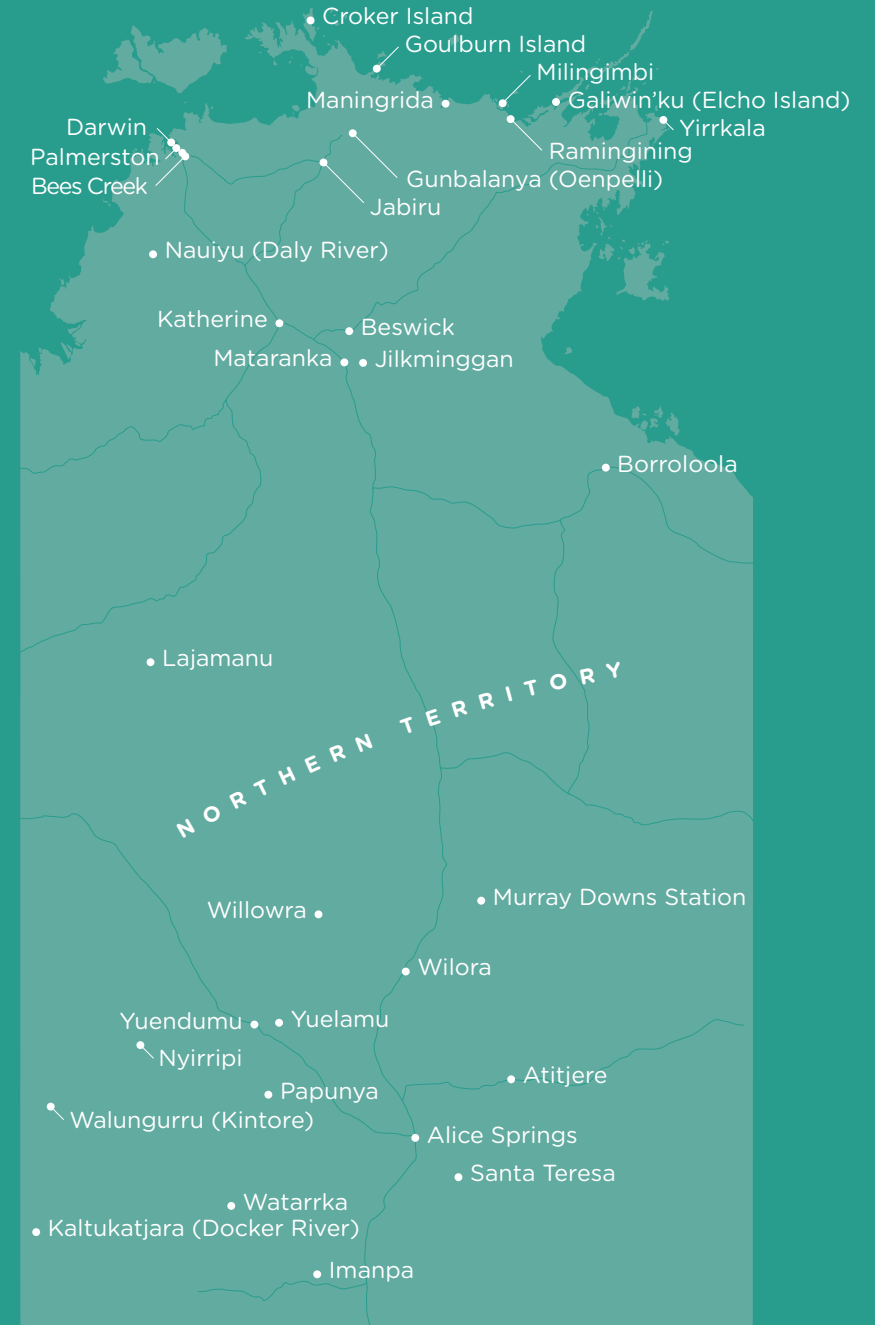

## About

Artists on Tour is an Artback NT initiative delivering a suite of artistic programs to all corners of the Northern Territory. Fuelled by fun and creativity, workshops are designed to inspire and engage participants while they are learning and developing new skills.

## Locations

Artback NT brings Artists on Tour to urban, remote and very remote locations across the vast and diverse Northern Territory. Our artists are highly experienced in remote program delivery and cross cultural work.

## Art Forms

Programs can be tailored to meet individual or group capabilities and needs across all age levels from Early Learning to Year 12. Workshops can be delivered as an out of school activity or targeted as professional development for adults.

## Visual Arts

painting | printmaking | sculpture | drawing

## Dance

hip hop | break dancing | Bollywood | contemporary

## Physical Theatre

circus | acrobatics | clowning

## Theatrical Theatre

drama | acting | writing | movement

## Music and Film

singing | song writing | video clips

## Collaborative Outcomes

murals | mosaics | music film clips | performance

## Programs

Artists on Tour is a recognised service provider through the Northern Territory Government's Remote Sports Vouchers Scheme. Vouchers can be used as part of your exempt schools, afterschool or school holiday programs.

**Schools:** working with teachers to deliver programs during school hours

**Afterschool programs:** working with local government sport and recreation teams

**School Holidays:** full day workshops can run for consecutive days and are a great opportunity to program larger projects such as producing a mural or performance

### **Professional development**

These workshops focus on developing skills for an adult audience – beginner to intermediate artists, teachers, educators, youth workers or community members.

**Arts workers working with remote art centres:** develop new skills through coordinating hands on practical learning experiences for artists working in their communities and homelands

**Teachers:** learn new creative practical tools to take back to the classroom

**Youth workers:** participate in up skilling practical workshops that can be delivered in community

The Northern Territory  
Our stories, our art, our place  
Expanding the Australian narrative
